Register at: <http://tinyurl.com/2024-wet-habersham>

The \$30 registration fee includes the Project WET Curriculum and Activity Guide, resources, and materials. Participants will need to bring lunch and snacks. Registration is limited to 15 educators and should be completed by April 11, 2024.

Project WET is a research-based and field-tested environmental education curriculum designed for use by formal and non-formal educators. Activities are interdisciplinary and support Georgia school standards in various subjects. General topics include water's properties, the water cycle, and water conversation. After completing this workshop, individuals will be certified educators and receive a guidebook full of resources and activities. Attendees will enjoy networking with other educators while engaging in hands-on learning.
